

# INDUSTRIAL VISITS

## Department of Computer Science & Engineering (CSE)

## Department of Information Technology (IT)

Industrial visit is important for a student who is pursuing a professional career. It is considered as a part of academic curriculum. Objectives of industrial visit are to provide students an insight regarding internal working of the companies. Theoretical knowledge is not enough for making a good professional career. With an aim to go beyond academics, industrial visit provides student a practical perspective on the world of work.

### OBJECTIVES OF INDUSTRIAL VISIT

- Industrial visits help the students gain experience of how industry operations are executed.
- Industry visits bridge the gap between theoretical learning and practical training in a real-life environment.
- Industry visits provide opportunity for active/interactive learning experiences outside the classroom environment.
- With industry visits, students are able to better identify their prospective areas of work in the overall organizational function.
- Industry visits help enhance interpersonal skills and communication techniques.
- Students become more aware of industry practices and regulations during industry visits.
- Industry visits broaden the outlook of students with exposure to different workforces from different industries.

In view of above points the students of CSE and IT department visited various industries to groom their professional skills in the last five years and the detail of year wise visits is as following :
